Fun Facts about the month of June

Bird of the Month – Dove

Doves are amazing birds that can find their way home over hundreds, or even thousands, of miles. Before the advent of electronic communication, this special talent was harnessed for centuries to send important messages for royal or military leaders. Doves are in the same scientific family (Columbidae) as pigeons. Typically, pigeons are larger bodied than doves. These sleek birds can be found in a variety of open and semi-open habitats, such as grasslands, farms, towns, or open woods. Doves build nests on the ground, in bushes, on low tree branches, or even on stumps or fence posts. They live on a diet of fruits, seeds, and plants. The name dove has Germanic roots and refers to the birds' tendency to swoop and dive quickly. A group of doves is called a dule, which derives from the French word deuil, meaning "to be in mourning." Doves symbolize peace, spirituality, love of nature, and innocence

The flower for June is the rose, perhaps the most universal symbol of romantic love in the world. A yellow rose indicates platonic love, a dark pink rose signifies gratitude, and a white rose symbolizes purity. Roses are also the emblem of the Egyptian god Horus, god of silence. Because of the flower's association with silence, Romans referred to secret meetings and clandestine affairs as having been conducted sub rosa, which translates to "under the rose."

The birthstone of June is the pearl. Pearls have been celebrated as highly valued gemstones and objects of beauty for many centuries. This is probably why the word pearl has become a metaphor for something rare and valuable (i.e., "pearl of wisdom"). A natural pearl is one that forms in the wild, in an oyster, without any human intervention. Natural pearls are rare. A cultured pearl, on the other hand, is one that is "grown" on a pearl farm. Most pearls on the market today are cultured pearls.

Welcome New Neighbors

What is a Dad?

A Dad is a person
Who is loving and kind,
And often he knows
What you have on your mind.
He's someone who listens,
suggests, and defends
A dad can be one
of your very best friends;
He's proud of your triumphs,
but when things go wrong,
A dad can be patient
and helpful and strong.
In all that you do,
a dad's love plays a part
There's always a place for him
deep in your heart
And each year that passes,
you're even more glad,
More grateful and proud
just to call him your dad!
Thank you Dad...
for listening and caring,
for giving and sharing,
but, especially, for just being you.
